## SUMMARY

Full stack web developer with extensive experience gained through completion of a rigorous frontend bootcamp at the University of California San Diego. Adept at utilizing JavaScript, MERN, and MySQL to develop visually appealing and user-friendly web interfaces. Passionate about continuous learning and staying up-to-date with emerging technologies to deliver innovative frontend solutions.

## SKILLS

JavaScript, React, HTML, CSS, Swift, iOS, SQL, NoSQL, Responsive design, Bootstrap, Progressive web applications (PWAs), IndexedDB, REST APIs/API Design, MERN, Github, Agile

## PROJECTS

### Jeah-Portfolio

<https://github.com/Jay-Luna/jeah-portfolio> || <https://jay-luna.github.io/jeah-portfolio/>

- A website created to showcase projects I've created by using HTML & CSS only.
- Frontend UI/UX design & its functionalities.
- HTML, CSS

### J.S. Blog

<https://github.com/Jay-Luna/js-blog> || <https://js-blog-9wl7.onrender.com/>

- A blogging site where users can read, post, comment, delete, & edit blog posts. Users can also sign up & create a profile.
- Frontend UI/UX design & its functionalities. Added mutations & checked Backend API routes
- JavaScript, MongoDB, Express, React, Node

### Take-a-Hike

<https://github.com/ariSof/take-a-hike> || <https://enigmatic-cliffs-38751-768457d3d919.herokuapp.com/>

- A blogging site where users can read, post, comment, delete, & edit blog posts. Users can also sign up & create a profile.
- Created the homepage & login page, including its features & functions (i.e. page nav., displaying the hike cards, navbar, log-in/ log-out, avatar created for the user). Connecting Client to Server functionalities.
- Node.js and Express.js to create a RESTful API, MySQL database

## EXPERIENCE

**High Tech High School** San Diego, CA Sept. 2022-July 2023

### **Academic Advisor**

Provided guidance and support to students in setting and achieving academic goals. Helped students identify and address academic challenges or obstacles. Provided personalized strategies for time management and task prioritization. Formed rapport and trust with students to foster a positive coaching relationship.

**Bottega Americano** San Diego, CA April 2013- Sept 2016

***Sous Chef***

Assisted the head chef in overseeing all aspects of kitchen operations. Contributed to menu planning and development, including creating new dishes and specials. Supervised and trained kitchen staff. Helped troubleshoot any issues that arose in the kitchen and implemented solutions. Worked closely with the head chef to maintain a positive and efficient kitchen environment.

**EDUCATION**

- **Coding Certificates Program** - University of California San Diego, CA 2024
- **B.A. Linguistics & Sustainability Minor** - San Diego State University, CA 2022
- **A.A. German** - Grossmont College, CA 2018
- **A.A. Culinary Arts** - Grossmont College, CA 2018
